Dear Friend,

I am to inform you that you are invited to participate in 3 days Workshop on "Cultural Inputs in Curriculum Teaching" from April 6-8, 2015 at CCRT, 15A, Sector-7, Dwarka, New Delhi. This Workshop is organized specially for the CCRT trained teachers who act as CCRT's District Resource Persons and subsequently who will further acquaint 40-45 more in-service teachers from their own district and, if possible, from the adjacent areas by organising a 3 days short term workshop on "Cultural Education and CCRT's Role".

The Workshop will have the following objectives:

- highlight the need for aesthetic, culture and value oriented education so that the future generations become aware of their roots;
- to discuss the importance and also the reviewing of cultural education in schools;
- strengthening an understanding of the diversity of rich cultural heritage to promote right values;
- chalk out a plan for implementing methodologies and strategies for providing training to other in-service teachers.

Methodology and Work Schedule

We are envisaging discussion sessions with open ended intensive dialogue for spreading the understanding of fundamental principles of Indian Culture. The Workshop will have a chance to evaluate, review the present conditions of "Cultural Education in Schools" and devising of an action plan with the aim of implementing the CCRT's objective of "Integrated Approach to Education" in every school of our country. After successful participation as in the past, the CCRT would like to utilize your services as a 'Trainer' for spreading the understanding of fundamental principles of Indian Culture and making the teachers' community aware about it including the aims and objectives of the CCRT. You will be given a task (very important apropos to the approval/agreeing of your Principal and the District Education Officer/Inspector of Schools/Dy. Director of Public Instruction) of conducting a workshop further in your locality to train about 40-45 other in-service teachers of your area and neighbourhood so that we are one step closer in getting our cultural plurality embedded on the pedagogical practices. While attending this Workshop a framework of contents and methodologies drawn by us will be discussed with you so that you can organise a 3 days short term Workshop in your locality/district. The CCRT will give you the advance money to organise this Workshop.
